April, 6, 2010

To whom it may concern,

Subject: End of Life Plan

Torex Semiconductor Ltd. promotes product integration every year for improving productivities and supplying products more stably. For making new and major products correspond to customers' need, the products listed in the attached paper, which demand decreases remarkably, need to have restriction in shipment in order to be discontinued within a few years.

1. End of Life planned products: Please refer to the attached list.
2. End of Life Schedule: 1 years (plan) from April 1, 2010
 - * The EOL schedule may be changed depending on sales figures.
 - **As soon as the EOL plan period is completed, we will announce discontinuation and the last date of issuing purchase orders for these products.

For more information or any inquiries, please ask Torex sales person or representatives.

It is truly appreciative if you could give us a great understanding to this end of life plan issue. We are convinced of our product development to be focused on various applications and market trends. And we would be at most appreciated for your loyal support to our products.

Best regards,

Koji Shibamiya
Managing Director,
General Manager,
Sales Division
Torex Semiconductor Ltd.

[End of Life Plan]

SERIES	PACKAGE	DESCRIPTION
XC2141	All Packages	ICs for use with Crystal Oscillators
XC2163	TRAY	ICs for use with 3rd Overtone Crystal Oscillators
XC2164	TRAY	ICs for use with Crystal Oscillators
XC2165	TRAY	ICs for use with low voltage Crystal Oscillators
XC6106	All Packages	Voltage Detectors with Watchdog Functions
XC6107	All Packages	Voltage Detectors with Watchdog Functions
XC6211	All Packages	High Speed LDO Regulators, Low ESR Cap. Compatible, ON/OFF Switch
XC6212	All Packages	High Speed LDO Regulator, Low ESR Cap. Compatible, Output ON/OFF Control
XC9201	All Packages	PWM Controlled Step-Down DC/DC Controllers
XC9206	All Packages	PWM, PWM / PFM Switchable Step-Down DC/DC Converters With Driver Transistor Built-In
XC9207	All Packages	PWM, PWM / PFM Switchable Step-Down DC/DC Converters With Driver Transistor Built-In
XC9208	All Packages	PWM, PWM / PFM Switchable Step-Down DC/DC Converters With Driver Transistor Built-In
XC9210	All Packages	Synchronous Step-Down DC/DC Controller ICs
XC9215	All Packages	500mA Synchronous Step-Down DC/DC Converters
XC9216	All Packages	500mA Synchronous Step-Down DC/DC Converters タ
XC9217	All Packages	500mA Synchronous Step-Down DC/DC Converters
XC9227	All Packages	Synchronous Step-Down DC/DC Converters
XC9228	All Packages	500mA Synchronous Step-Down DC/DC Converters for Variable Output Voltage
XC9229	All Packages	500mA Synchronous Step-Down DC/DC Converters for Variable Output Voltage

* For more information or any inquiries, please ask Torex sales person or representatives.
